

Why buy furniture from us?

ANSWER:

With years of experience we know office furniture like no one else. And with good relationships with leading suppliers and access to a wide range of standard and leading-edge products we will pull out all the stops to transform your workplace. No job is too big, no order is too small.

PLANNING

As Benjamin Franklin famously said, "If you fail to plan, you are planning to fail". Furniture installations, commercial moves and relocation don't just happen. They require attention to detail, expert installation teams and meticulous project planning. Whatever the scale of your requirements, we offer unrivalled project management and think about all the little things you may not. What's more, we can offer almost every service your office may need.

DESIGN

At Landmark, with years of experience, we have the ability to translate our customers' wishes into a working environment that maximises productivity and oozes style – at a price to suit your budget. We fit people to spaces, we think about style, design, colour, ergonomics and functionality, working with you to ensure we create an environment that will impress your clients, function well and motivate your workforce.

PRODUCTS

With access to leading suppliers, we are able to supply a wide range of furniture at very competitive prices. We can show you samples, fabric swatches and even arrange showroom visits. However, our strength is in our ability to provide you with choice; from high-end brand names following market trends to less well-known equivalent ranges which still retain a high level of quality, style and design at affordable prices.

PEOPLE

We are 'people' people. We love what we do and believe that every customer is unique and gets 100% of our attention. We care about your business and will deliver you with a very personal, bespoke service. We consider it's this investment in our customers that affords us a high level of repeat business. Coupled with our expert installation teams and our strong relationships with leading suppliers, we are able to offer you a one-stop shop for the workplace.
